About ATAF

The African Tax Administration Forum is an organisation which was established by African revenue authorities in 2009, in order to improve the performance of tax administrations in Africa. The tax administrations of 39 countries in Africa are members of ATAF, i.e. 72% of tax administrations on the continent, making it the premier body on tax matters on the continent. Two additional countries, Mali and Somalia, are in the process of joining the organisation. ATAF believes that better tax administration will enhance economic growth, increase accountability of the state to its citizens, and more effectively mobilise domestic resources. Now in its 11th year of existence, ATAF has positioned itself as Africa’s homegrown solution to improving revenue collection, advancing the role of taxation in governance and state-building and providing a voice for the continent on international tax issues.
